PROGRAMS DISNEY LEARNING PROGRAMS

Fun and relaxation are only part of what's offered at the Walt Disney World Resort. The vast physical and human resources, both "onstage" and behind the scenes, provide a tremendous living laboratory for learning. For your added enjoyment, the Walt Disney World Resort has developed learning programs to unlock these resources for guests of all ages.

DISNEY LEARNING PROGRAMS FOR ADULTS

Gardens of the World

Join a Disney Horticulturist for tips on how to turn your landscape back home into a real showcase. You'll spend a fascinating morning studying the color and greenery of the World Showcase plant life, and take away some great advice on plant care and gardening.

Hidden Treasures of World Showcase

Share the traditions and customs of our community of nations in World Showcase. Discover new insights into the rich cultural detail and artistic heritage of an international treasure trove.

Enrolling

Learning programs for adults (16 and over) cost \$12 per person in addition to regular theme park admission and last approximately 3½ hours. Classes are limited to 20 persons, so make your reservations as soon as possible. To enroll, check the schedule on the Registration Form at the back of this section and enclose a check for \$12 per person per workshop. Or just call (407) 345-5860 for schedule information and reservations.

WONDERS OF WALT DISNEY WORLD

A nationally recognized educational program, Wonders of Walt Disney World is available to guests ages 10-15. Educational authorities from across the country have given approval to the program concepts, and many schools also award education credits to participants, enabling families to take an "off-season" vacation without disrupting learning.

Each program is accompanied by two Disney-illustrated books of interesting ideas and creative learning activities.

Guests submitting a paid registration 45 days in advance receive the first book by mail and begin their Disney experience at home. Once they arrive, a 6½-hour field trip through onstage and backstage areas allows students to see ideas from their books as practical solutions to the challenges of operating Walt Disney World Co. They may choose any one of the following subjects:

Exploring Nature: A True-Life Adventure

From an 11-acre island refuge for near-extinct wildlife to our 7,500-acre wilderness preserve, students experience first-hand lessons about man's responsibility to his environment.

Disney Creative Arts

At Disney, "art" is more than just paintings on museum walls. In this special program an instructor and a Disney character artist illustrate the many ways that art is, indeed, all around us.

The Walt Disney World Of Entertainment

"Let's put on a show!" What really goes into entertaining millions of people every year? Students not only get to learn from the performers who take center stage but also meet the people "behind the scenes."

Enrolling

Programs are conducted weekdays, except holidays. Cost for each program per person is \$55 and includes books, field trip (including lunch), program materials and the use of a Kodak camera and film. Complete the attached registration form at the back of this guide and enclose a check for \$55 per participant or call (407) 345-5860. For additional registration materials or more information, write:

"Wonders of Walt Disney World"

P.O. Box 10,000

Lake Buena Vista, FL 32830-1000.

IF YOU MUST CANCEL, call (407) 345-5860 for information on re-scheduling and refunds. Additional learning opportunities for organized groups, teachers, and other professionals are also available. For more information on any of the Disney Learning Adventures, contact the Seminar Productions Department, Walt Disney World, P.O. Box 10,000, Lake Buena Vista, Florida 32830-1000.
